

SEMI-ANNUAL DEVELOPMENT SCHEDULE

The development schedule was reviewed and the following changes were made:

- . Model 700 Left Hand - Delete calibers 25-06 and 243; delete remaining ADL figures.
- . The 3200 Shotgun - Add the single Barrel program and the interchangeable Barrel program.
- . Traps - Add Remington trap and Swedish trap.

In discussing the schedule, it was re-emphasized that the 1975 introduction of the Model 742-X is not a popular date.

NOTE: After the meeting, it was noticed that the Mohawk 10 C should be added to the schedule.

The meeting adjourned at 11:26 a.m. The next meeting is scheduled to be at Ilion on Tuesday, November 9, 1971, at 11:00 a.m.
