

TRAPSELECTRIC TOURNAMENT TRAP

Production reported that procurement of components for the auto-loading trap for trap shooting has started. Custom Shop assembly of traps will start in the fourth quarter.

SWEDISH TRAPS

Marketing reported that the Hansen autoloading skeet trap is being returned to Sweden. Feeding and patent infringement problems still exist. This trap has good features and economics, and we will continue to try to solve the problems. Olin is being approached on the possibility of obtaining a license to use their patent features.

The meeting adjourned at 10:59 a.m. The next meeting is scheduled to be at Ilion on Friday, March 17 at 11 a.m.
