R & D reported that the checkering program is being developed as permitted by work being done on the Model 870 "All American" shotgun. З<u>с</u> 19. 19.

 $23^{\circ}$ Marketing reported that orders have been received for 1650 rifles. -30 ŝ

- 8 MODEL 552-572 RIM FIRE RIFLES MOLDED FIBER GLASS TRIGGER PLATE

Production reported that Management did not approve the molded ther glass Trigger Plate for Model 552-572 rifles. Reporting will be dropped.

The present trend in firearms marketing includes greater emphasis on "craftsmanship" which is one reason that the molded fiber glass Trigger Plate was not approved.
