

BENCH REST BULLETS

R & D reported that costs were 67% of sales for June. This should assure breakeven operation for the months of May, June and July.

The new lead press is scheduled for delivery July 20. The new hopper for the second draw is expected in October.

Marketing reported that the bullet is a real prestige item with a reputation of being the best that can be purchased.

All except two or three top shooters that previously made their own bullets are now using the Remington bullet.

TRAPSELECTRIC TOURNAMENT TRAP  
(Introduction 1973)

License agreement.  
ATTORNEY CLIENT—WORK PRODUCT

Twenty traps have been assembled and should be ready to ship in August.

The problem with the trap at Muskego Gun Club which was reported in June was discussed. R & D is trying to develop a method of keeping target dust and chips out of the working parts.

Marketing reported that an announcement letter will be issued August 1. Shipment will depend upon completion of the Instruction Manual and Parts List. Four of the test traps have been sold. Twenty to thirty traps are in effect sold when they are available.

A trap will be on display at the Grand American.

Ilion will provide field service this year. Marketing is developing a service plan and will assume the service responsibility.
