Dear Mr. Potter:

The enclosed Remington, Model 700, 7 M.M. Magnum, serial #6357428, is the rifle we spoke about in our telephone conversation. The rifle was on safety with a round in the chamber and two rounds in the magazine. When the safety was to clear the chambered round the rifle discharged. The discharged round penetrated a canopy on the motor home the hunting party were using.

There were no injuries to any members of the party.

Yours Truly,

*Matthew Brichta*
