

The following are underway:

1. The 20,000 rounds returned to Lonoke will be 100% gauged.
2. 100% inspection of the December 1971 codes in the Bridgeport warehouse, the remainder will be sent to Lonoke for 100% gauging;
3. Check jobbers who received shipments exceeding 4,000 rounds during the 1st Quarter 1972, and have them return any remaining warehouse stock; and
4. Field men will be instructed to buy random samples from dealers throughout the country, for transmittal to Lonoke for gauging.
