320 2nd Ave. S.E.

6/16/81

Dear Dick,

I am sending a Model 700 BDL, 7mm Mag in for inspection. Serial # A6338083  
barrel code. D1 91.

The customer had been target shooting and on returning to his pick up truck  
he laid the gun in the center of the truck. He says the fired while in safety.  
Blowing a hole in the floor board and transmission housing.

He request that we send in for inspection. Also we are sending in some of the  
shell from the same box.

We are sending it as is. We have done nothing to it so you can see for sure  
if he has a problem.

Sincerely,

Hal Mayo
