Remington Arms, Inc.

Dear Roger,

Enclosed please find a copy of our correspondence of Nov., 1990. It is self explanatory. Had I not been activated and deployed to the Gulf, I would have contacted you sooner to secure the exact production date of the Custom Shop XP-100.

After discussion between yourself, your Supervisor Dennis, and myself, it was agreed that you would place the order for our Custom XP-100, and we would follow up with an order. This was done. When you are able to locate the order and determine the exact production date, please let me know. Again, thanks for all of your help. I hope you are happy in your new (promotion, higher salary, more time off?) job.
