Model 8-49 off safe force is very light. Other than easy off safe force worked properly in every respect. Trigger has been adjusted outside of the factory. Replace trigger assy with modified 700 trigger assy. at a special price strictly as a gesture of good will and to restore customers confidence in the rifle.

COMMENTS						
<i>Trigger pull measured 5# as rec'd and sec lift was .0105</i> <i>Check trigger assy for proper clearances and function</i>
