#14 Hoefler Ave.
Ilion, NY #13357

Remington ADL .30-06
SN#: A6620845

Mr. Cole:

On 12-05-91, I spoke to you in regards to this particular weapon. The customer stated that this rifle, since purchased new by him, would not allow the bolt to be opened with the safety lever in the "safe" position. I have tried this myself with that statement being correct. Our current stock on the retail floor has similar rifles that "do allow" the weapon to be unloaded while in the "safe" position.

On 11-20-91, this weapon discharged inside of a vehicle, with no injuries. (Other than property damage....) The owner wishes to have this weapon checked by your inspection staff. It appears that the safety lever is not properly working! Please forward the rifle to the above listed address: (See attached FFL if necessary....)

Thank You for your time and consideration in this matter!

Sincerely,

A handwritten signature in dark ink, appearing to read 'Doug W. Grindstaff'.
