We trust that we have clarified the circumstances that could possibly have caused the accidental firings and, as a gesture of goodwill, even though there is nothing wrong with the present trigger assembly, we can replace it at no charge with a new one that will allow opening and closing the bolt while the safety is in the "on safe" position. This will insure that your faith in the rifle is restored. However, the rifle can be returned to you in the same condition as received. We will await the decision and reply.

Thank you for giving us this opportunity to examine the rifle and to be of service to you.

Sincerely,

R. H. Potter, Supervisor
