10/30/08 Mr. Judd left me a voice message stating that his wife was shooting "this year", she took the safety off and the gun fired and "split her thumb wide open". I called him and he has taken it to a local gunsmith who put it in a hot tank and cleaned it. He also adjusted the trigger to around 4 lbs. This rifle was an inheritance item and he says it's only been used 3 times.cm

Subject: #2827, Model 700

Dear Mr. and Mrs. Judd,

I am sorry to learn about the unfortunate incident you experienced with the Model 700 rifle. As we discussed, I have enclosed a prepaid UPS shipping label for you to ship the firearm back to our factory for examination. **I have also included a copy of this letter to put inside the shipping container. The letter inside is important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly.** Please mark the ends of the box with "Supry". Fred Supry will be inspecting the firearm and will contact me with the results.

I apologize for the inconvenience that this incident has caused and I hope that these actions will keep you as a loyal Remington customer.

Sincerely, -----

Christy Mitchell
