Hello, I am a Remington Gun Lover, I pulled my 700 30-06 out of the safe, and the first thing I allways do is to see if it's loaded, as I pulled the bolt back to verify that it was unloaded I closed the bolt and heard it fire, so I pulled the trigger and sure enough, it fired apon closing the bolt. I know I didn't touch the trigger apon closing my action. I have a gun that i'm afraid to use, What should I do .Thanks Don Dekker 4119 38th St. Hamilton, MI 49419 616-688-7434
