Remington 700 Misfires

Discussion Thread

Response (Christy -)

11/03/2010 05:18 PM

Mr. Rogers, I can send you a prepaid UPS ground shipping labels to cover shipment and a free inspection at the factory to determine the cause of the incident you described and to check the other rifle. I would call you after inspection with the details and resolution.

I will also send you a letter that I would ask you to insert inside the box with the rifle before shipping. Let me know what address you would like on the label as that would be the address the rifle would return to and it will require an adult signature.

I can email or fax the labels and letters if you prefer to speed the process. I'll await your reply.

Sincerely,

Christy Mitchell

Customer (Tim Rogers)

11/01/2010 11:27 AM

Good Afternoon,

I purchased two Remington 700 XCRs about 3 years ago. I have had a misfire issue with one of them twice. After reading about the issues presented in the CNBC piece, I would like to have these issues fixed. Please let me know the process I need to go through in order to do so.

I have been a long time buyer of remington arms and I hope to continue to be. How this issue is handled will determine whether I continue to be or not.

Thank You,
Tim Rogers

Ok, the labels I sent will not work with that weight. I can reimburse up to \$25/rifle for shipping. Send me the receipts for your shipping and hopefully it won't be over that.

Thanks, Christy Mitchell

Hi Christy,

Thank you for getting back to me. The only 'UPS safe' guncase I have, that I trust my rifles to not get damaged in, is my travel case. it weighs right at 25lbs, so about 40lbs with the rifles in them. I am not comfortable shipping the rifles in a light weight case. Please advise.

Thank You,
Tim Rogers

Mr. Rogers, the labels are 10 lbs each. I have a copy of them with your information. That should cover the weight of the Model 700 without a scope unless the shipping container is over 2 lbs. You can ship them yourself. Just peel and stick the label to your box and take the box to a UPS terminal or UPS driver and they can scan it and ship it. It is not necessary to go through a FFL dealer. If they will let you leave them at the store for pickup that might make things easier for you but it is not required.

Subject: Re: Rogers, Tim.cm.doc Christy,

Please let me know if I need to send these via an FFL dealer or if I can send them myself. Also, I notice the labels you sent are only for 5lbs. If I send these in a gun case, it is going to be significantly heavier. Please advise.

Thank You, Tim Rogers
