TO: S. M. Alvis  
FROM: J. Hammond  
SUBJECT: PROJECT FTI-5, MODEL 241 LAYOUT EQUIPMENT

We have forwarded two Work Orders to G. L. Smith for process allotting \$700 to R & M for Engineering work on Pilot Line layout. J. R. Brand was contacted and feels that the work can be done within the allotment. Consequently no increase should be contemplated in the reestimate of FTI-5.
