Attest: Mr. Byers

Remington Arms Company, Inc.
Ilion
New York

Mr. J. A. Roberts
Ilion Research Division

Dear Mr. Roberts:

Thank you very much for the information contained in your letter of December 4 to our Mr. Byers.

If you can conveniently furnish us with detailed information concerning the testing program, we might be able to come up with the basic reason for the failure of Electrolyzed parts in your endurance test.

Should you have any other problems with which Electrolyzing might be helpful, we shall be more than glad to work them out with you.

Your interest and cooperation are sincerely appreciated.

Very truly yours,

THE ELECTROLYZING CORPORATION

James Kimball
