TO: C. A. NASH (25)
FROM: N. F. LARSEN
SUBJECT: M/721-2 BARRELED ACTIONS

Attached is a schedule showing selling prices and operative earnings on proposed M/721-2 barreled actions. The Lion Works believes that it would take complete rifles from the warehouse and remove the stocks rather than process the barreled actions as specials. For purposes of comparison the selling prices and operative earnings on the comparable complete rifles are shown.
