INTER-DEPARTMENTAL CORRESPONDENCE

Bridgeport
January 22, 1968

TO: Art Kerr
Ilion

FROM: Peter J. Rosendahl
Export Sales Division

8
m/700

Referring to our conversation of Friday, January 19, I would like to confirm our verbal request for release of Export Order AX-3023 for Australia.

This order calls for 19 Model 700 Rifles without special shrouded bolts. The reason for this request is that we have been authorized by our Australian distributor to ship all Model 700's without modification until the special sample Model 700, caliber .222 with shrouded bolt, Export Order AX-3118 is tested by the Commonwealth Police Department. We are currently making arrangements to have this sample shipped to Australia, after it has been tested and as soon as we have received a reply from our distributor, we will advise you the steps they wish us to take in regards to the special shrouded bolt for their orders, for the Model 700 Rifles.

Your cooperation on our behalf is sincerely appreciated.
