M. H. WALKER

MODEL 700 - LEFT HAND

Attached is copy of list of calibers which was telephoned by F.E. Morgan. Please note introduction of the model is now limited to BDL Grade only in five calibers. We had previously set up drawings for calibers in the ADL Grade in accordance with plans given to us last June. However, rather than pull all the drawings and revise, I have suggested to Jack Kast to plan on issuing a Parts List for the BDL Grade only, and the same can apply for the gun standards. In the event other calibers are added as well as ADL Grade, most of the drawings may have already been taken care of.
