What Distributors Can Do

We suggest you check your gun inventories to be absolutely sure none of these recall rifles remain in your stock. Also, in a short time we will be giving you further information which will help you to determine the dealers to whom you may have shipped some of these rifles.

What Your Dealers Can Do

Dealers should look through their files to determine shooters to whom the guns were sold. Shooters should then be contacted and told to call the toll-free number for procedures. Also, dealers should check their inventories to be absolutely sure they don't have any of the rifles remaining.

Presently we are combing our files to send you information we will have available on shipments we have made to you of this model. Retrieval of this information in such large quantities is time consuming. If you have any questions for us, please call our Mr. Jack Chisnall at our special WATS ACTION LINE 1-800-243-9275 (inside Connecticut 1-800-972-9379) or write him at the address shown on page 1 of this letter.

Thanks again for your cooperation in handling this recall. Additional information will be sent to you as available, together with a copy of a letter to the dealers which is now being prepared.

Sincerely,

E. J. Conroy
