Firearms Research Division

October 26, 1981

c: C.B. Workman ~~✓~~  
D.E. Bullis

TO: W. H. FORSON  
FROM: J. W. BROOKS <sup>WB</sup>  
SUBJECT: MODEL 700 UPGRADE

-----

Per our telephone conversation of 10-23-81:

- Varmint rifles will have improved finish.
- Varmint rifle will have clean barrel. (No scope base holes; no scope blocks on rifle).
- We will include a short left hand receiver to the new BDL model for the 243 Caliber.
- There will be no 7mm Express caliber for the introduction. (*Inventory Problem*)
- Bolt Action Carbine will have 222 Cal. in place of 22/250 (letter of 9-10-81).
