INSTRUCTION BOOK  
MODEL SEVEN

Forwarded for comments and Marketing/Legal approval is a printed proof version of the proposed subject instruction book. Also forwarded is a booklet listing our authorized warranty repair gunsmiths.

It is planned to include the warranty repair listing book together with the instruction booklet. The listing will be attached to the instruction booklet to assure that the gun owner has received a copy.

The new instruction book has been reviewed by Firearms Research personnel and found to be acceptable with minor corrections.

Expediting review and approval of these new booklets is required if we are to meet the model scheduled warehouse date. Your prompt review will be appreciated by October 15, after which time it will be assumed the booklets meet with your approval and will be processed for printing.
