"CONFINE YOUR LETTER TO ONE SUBJECT ONLY" _____

Ilion, New York
February 17, 1982

TO: C. B. WORKMAN *ok*
FROM: T. L. CAPELETTI *TC*
SUBJECT: FIREARMS PRODUCT LINE BUSINESS PLANS

To help focus the attention of all parties concerned with our plans for future shotgun and bolt action rifle product developments, I propose to develop Business Plans based on the attached Outlines. Groups needing involvement in this process include Research, Marketing, Business Services, Manufacturing, and Firearms Modernization. Please let me know if you have deletions, additions, or other modifications to these Outlines. When acceptable Outlines have been defined, I will schedule initial review meetings to discuss the Business Plan approach and to obtain inputs from the appropriate groups. For the bolt action rifles, this is simply an extension of the Strategy meetings we have been holding with Marketing and Manufacturing personnel over the last year. For shotguns, I see this as a redefinition and expansion in scope of the XSG Planning Committee Meetings. I would like to review the Shotgun Business Plan approach at the meeting being scheduled for early March.
