Re: Barbara Jo. Schierkolk

Dear Mr. Bryans:

This is to acknowledge receipt of your letter dated December 23, 1982.

In order to make any determination as to responsibility in this matter, Remington will have to examine the exhibit rifle at our laboratory facilities. There will be no need to perform any destructive tests, or to alter or modify the condition of the gun in any way.

I assume from your letter that the Yost family has the exhibit rifle in their possession. If they will return the gun via UPS, transportation COLLECT, to Remington Arms Company, Inc., 939 Barnum Avenue, P. O. Box 1939, Bridgeport, CT 06601, Attention: E. F. Sienkiewicz, we will be glad to examine it and issue a written report on our findings to all concerned. The gun will be immediately returned upon completion of our examination.

Thank you for your prompt notification of this accident.

Very truly yours,

REMINGTON ARMS COMPANY, INC.
