SUBJECT: TECHNICAL REVIEW SCHEDULE FOR 1983

Based on suggestions from the group Supervisors, I propose scheduling Quarterly Technical Reviews for 1983 as indicated below. Unless otherwise indicated, all of the Review sessions will be scheduled to begin at 10:00am in the Ilion Research Conference Room on the dates indicated below. Approximately one month prior to the scheduled meetings, a formal notice will be issued confirming the agenda, timing, and location.

Proposed Schedule:I. March 22, 1983

- a) Dan Shumway - Economic Impact of Firearms Modernization
- b) Bill Curry - Update on State-of-the-Art N/C Machinery
- c) Dave Findlay - Status of Shotgun Development
- d) Fred Martin - Bolt Action Rifle Fire Control Design

II. May 31, 1983

- a) Tom Powers - Development of Shotgun Orifice Selectors and Choke Tubes
- b) Randy Murphy - Model 7400, .223 Caliber Carbine - Magazine Box Design
- c) Scott Franz - Lock Time - Measurement and Significance to Firearms Performance
- d) Sam Narotsky - Automatic Assembly of Small Parts
- e) Mark Topolski - Development of a Stainless Steel for Injection Molding

Technical Review Schedule for 1983

page 2  
1-26-83III. August 30, 1983
