"CONFINE YOUR LETTER TO ONE SUBJECT ONLY" \_\_\_\_\_

June 17, 1985

Responsibility: F.H. Smith

Program: Centerfire Refas or NCC (New Concept Centerfire)

Objective: To apply the same or similar concepts derived from the shotgun program relative to electronics to enhance the safety of centerfire rifles.

Goals: Potential goals are - reduced locktime  
- improved safety

Stake: Increased sales  
Reduce liability

Status: Ken Rowlands has been working with a consulting firm to develop the new concept shotgun fire control system.

Program/  
Timing:

- o Arrange meeting with K. Rowlands, R. Murphy, etc. to discuss shotgun progress by June 28.
- o Investigate alternatives (patent search, etc.) and issue proposal outlining alternative priorities by August 2.
- o Arrange management meeting (Jim Bower, Warren Tomek, Randy Murphy, Ken Rowlands) to provide direction by August 23.
- o Propose schedule based on management direction by August 30.
