"CONFINE YOUR LETTER TO ONE SUBJECT ONLY"

E

July 16, 1985

Responsibility: R.S. Murphy

Program: MBAR Stock

Objective: To provide an aesthetically pleasing stock consistent with Marketing direction that meets performance functional requirements

Goals:

- o Incorporate fore-end tip, grip, butt pad, checkering and finish direction from second focus panel into design.
- o Meet or exceed M/700 stock endurance life.

Stake: Increased sales

Status: A second focus panel is planned for August/September and prototypes are being fabricated for evaluation.

Program:

- o Fabrication complete

Timing:

- o Assemble
- o Focus panel review
- o Developmental test
- o Final design and drawing
- o Fabrication complete
- o Design acceptance test
