"CONFIDENTIAL by Stipulation and
order entered in
Tsachalis v. Remington Arms,
Inc., et al., Supreme Court of
the State of New York, County of
Westchester, Index No. 9344/95"

Responsibility: F.M. Smith

Program: NBAR Integral Scope Mounts

Objective: To provide a reliable, aesthetically pleasing scope mount design that is unique to Remington.

Goals:

- o Mounts must securely hold scope against magnum recoil for at least 100 rounds.
- o Must be easily installed and removed
- o Must be compatible with 1" dia. scope bodies
- o Marketing approved aesthetics

State:

- o Improved customer price/value relationship

Status: The design is complete and injection components are being fabricated.

Program:

- o Check CV drawings

Timing:

- o Fabrication complete
- o Recoil endurance/accuracy testing
- o Redesign
- o Design acceptance testing
