It will be updated with more safety related information on an ongoing basis and the key section will be rotated on the hunting seasons. We are continually marketing quality firearms that can be used reliably. Safety has always been important to Remington. Focusing on safety on the website is part of that long-term concern.

How do I know if my 600 or 660 has been updated?

If there is a "V" stamped on the left side of the trigger then it has been updated.
