

- We need to firm up our future business of high revenue, high margin products and give the consumer "insurance" in the form of a guarantee that they are justified in paying the premium for a varmint rifle vs. a price point rifle.
- We need to control trigger pull weights on the SPL fire control to 3 -3.5 lbs max, guarantee that the rifle shoots MOA or better and include a target in the box with the gun for 2006.
