Dear Mr. Rybarczyk,  
we appreciate your request. However we do not provide this information.  
Any modifications void the warranty on your firearm. We suggest taking  
your firearm to a Remington Authorized Repair center for evaluation.

You can locate your nearest repair center by visiting the Repair  
Information Center in our Support Section and selecting your model and  
state:

Please tell me how I can get an exploded view of a Remington 700 trigger  
assembly to include:  
    bolt stop and bolt stop spring  
    bolt stop pin and sear pin  
I do not intend to tamper with the trigger. I want to exchange it for a  
jewel trigger and I want to insure that I reassemble the bolt stop and  
bolt stop spring correctly

thank you,
