Dear Jason, If you have any concerns regarding the safe operation/condition of your firearm, we strongly recommend that you take it to a Remington Authorized Repair or send it to our factory for evaluation.

We are currently offering a Safety Modification on older wodel 700 rifles. If you have a Model 700 rifle, you can find more information regarding this program through the front page of our website at www.remington.com.

Customer (Jason Ashe) 6/25/2002 10:23:04 PM I have recently heard a rumor about the Model 700 firing when you click the safety off, I was wondering if this was true?
