Dear Steve,

Thank you for your inquiry. According to the information provided, this firearm was manufactured in or around 1953. We want to make you aware of a Safety Modification Program that we are offering on these firearms. You can read more information regarding this program through the front page of our website or through the link below:

[http://www.remington.com/Safety\\_Modification\\_Program/remington\\_safety.htm](http://www.remington.com/Safety_Modification_Program/remington_safety.htm)

I recently inherited a model 721 bolt action in .270 win. and was hoping you could provide me with a date of manufacture...

here is some info that is stamped on the left side of the barrel:

Remington Arms Co. Inc. Ilion, N.Y.  
Made in U.S.A Patents Pending

On the left side of the receiver:

260512  
Remington  
Model 721

On the right side of the barrel, near where it mounts to the receiver is the number 47, inverted.

There are also miscellaneous tooling marks that I don't know how to describe.

I would greatly appreciate any and all information you may have on this rifle.

Many Thanks,  
Steve
