Dear Mr. Miser,

We would need to know the caliber of your firearm to assist you with your inquiry. Also, we want to make you aware of a recall that we are having on these rifles. You can read more information regarding this through the front page of our website or through the link below:  
[http://www.remington.com/Safety\\_Modification\\_Program/remington\\_safety.htm](http://www.remington.com/Safety_Modification_Program/remington_safety.htm)

I am trying to find out what rifling twist is in my rifle. I am having difficulties getting it to shoot bullets of 95 grains or larger of any manufacture, or Barnes "X" bullets of 85 grs or larger.

Thank you.

Robert Miser
