Dear Mr. Mic,

Thank you for contacting Remington Country. Your Model 700 was produced around 1963 in Ilion, NY. The Model 700 was introduced in 1962.

Your Model would have been installed with a bolt-lock safety. We are currently offering a conversion for your model, so that you could open the bolt with the safety still engaged. For more information on this conversion, go to:

Yo Rem,

Recieved a used Model 700 7mm Rem. Mag rifle, would like to know its history; when made, where made and any other info.

Also very nice you have manuals on net to download.

Thanx, Mic
