Thank you for contacting Remington Country. Your Model 700 was produced  
in 1974. Your firearm has not been involved in a recall. Your rifle was  
originally installed with a bolt-lock, which means you have to put the  
safety switch on fire before you can open the bolt. We are offering a  
conversion at a special price if you would like your firearm converted, so  
that you can open the bolt at anytime with the safety on safe. To view  
more details regarding this modification, go to:

[http://www.remington.com/safety\\_Modification\\_Program/remington\\_safety.htm](http://www.remington.com/safety_Modification_Program/remington_safety.htm)

Is there a recall or a update available on this rifle so you do not have to  
take the safety off when running the bolt to unload the gun?
