

wonder lube paste

Discussion Thread

Response (Chris)
Dear Mr. Cornell,

1/6/2004 10:04:01 AM

Thank you for your inquiry. We recommend wonder Lube paste for our black powder firearms. The trigger assembly and the bolt assembly are the only components of your rifle that require cleaning with Remoil. The use of non-recommended lubricant could cause serious function problems, possibly leading to accidental firing.
