Welcome to Remington Country!

The Model 700 SMP is for firearms that were produced prior to 1982.

According to the information you have provided us, your Model 700 with the serial number C6441934 was produced in 1989 and serial number C6813687 was produced in 1993. So therefore, each of these models are not part of the SMP.

We hope you find this information useful and if we can be of any further assistance please call us at 1-800-243-9700 Mon-Fri AM-5pm EST.

Thank you for visiting Remington Country and have a great day.
