Dear Mr. Lucas,

We have received your Safety Modification Rebate coupon. However, the coupon was not completely filled out & we need more information before we can process your rebate.

We need the name of the Remington Authorized Repair Center, the model number of the gun, & the serial number of the gun.

Please reply back with that information & I will be able to process your rebate.

Our phone number is 1-800-243-9700, Monday-Friday, 9am-5pm EST.

Hello,

I just purchased a Remington Replacement stock for the 870. Should it fit fine on the 870 Super Magnum?
