Dear Mr. Thomas,

Thank you for your patience. The ring could be caused by the bolt movement locking into the action and the action touching behind the lugs causing this ring over time.

We recommend that you discontinue use and take or ship the firearm to one of the following Remington Premier Repair Centers for inspection.

Send to J & G if you live in the following states: CA, NV, UT, AZ
J & G Gunsmithing
625 Vernon St
Roseville, CA 95678
916-786-9200
