Dear Mr. Scarpato,

Thank you for contacting Remington Country. Your Model 600 was produced around 1966 and should be inspected for a trigger recall if you do not see a "V" stamped on the trigger. We suggest taking or sending your firearm to a Remington Authorized Repair Center or our factory for evaluation.

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

<http://www.remington.com/repairsvc/Modelselection.asp>

To view more information on this safety message, go to:

http://www.remington.com/Safety_Modification_Program/remington_safety.htm

To view the history on this model, go to:

<http://www.remington.com/aboutus/gunhistory.htm>

Due to the many variables involved with valuation, we would encourage you to refer to the many publications that are available on the subject of gun values or have it appraised by a collector. Many of these books are available through public libraries or local bookstores. For your convenience we have provided a listing of the more popular books:

Can you tell me when my model 600 was made? The serial number is 58357
I just bought one at a
gun show in York, Pa. today. Thank you. Tom Scarpato Thomasville, Pa.
