

## 2001 Total Print Ad Expenditures – Centerfire Rifle

With the exception of Ruger, advertising dollars spent on supporting the centerfire rifle category are relatively evenly distributed between the top four players. **Ruger, in contrast, spent nearly twice as many ad dollars supporting their centerfire rifles than did Remington, Martin, and Winchester combined.** This figure is significant and should not be overlooked. Ruger is working aggressively to penetrate deeper into the centerfire rifle category.

## 2001 Remington Centerfire Ad Expenditures by Product Group
