Since no one has put out any notes form last weeks design meeting let me summarize them as follows:

Marketing SKU and feature analysis {1- what should be on the gun (needed, nice, not necessary, 2- Which calibers are needed, nice, not necessary, 3- price point and quantity (Low, medium high)) - Jay Bunting by 03/04/98 To R&D
R&D product summarization - Danny Diaz to Rensi by 03/15/98
Preliminary Product costing - Rensi to Bristol by 03/31/98

Any questions please see me
