

## REMINGTON INTRODUCES THREE NEW SAFE OPTIONS TO LINE OF HOME SECURITY PRODUCTS

**Madison, NC** – Remington Arms Company not only manufactures some of the world's best long guns but also the best safes to store them in. Remington's latest additions to its line of safes are the **Dale Earnhardt Jr. Special Edition Safe**, the **Parker Gun 48 Safe** and the **Model 432CX Safe**. These well-designed and solidly constructed safes all feature UL Listed locks, Certified Fire Protection and UL Listed Residential Security Ratings.

The special edition **Dale Earnhardt Jr. Gun Safe** has a high gloss black finish, polished chrome handle and hardware and on the door face, Earnhardt's signature and his famous NASCAR #8 Budweiser Chevrolet racing across the bottom. Completing this special edition package is silver pin striping on the door face and the number "8" silk-screened on both sides of the safe. Measuring 60 1/2 inches tall by 30 inches wide and a depth of 24 1/2 inches, the Dale Jr. safe has a 3-in-1 configuration that will store up to 27 guns in its mocha-colored fabric interior. Additional features include Sargeant & Greenleaf Group II combination lock, 10-gauge steel body for superior protection and a fire rating of 30 minutes at 1200° F.

The top-of-the-line **Parker Gun 48 Safe** combines the nostalgic look of more traditional high-end safes with today's state-of-the-art security features. This 48 cubic foot safe measures 42 inches wide by 72 inches tall with a depth of 27 1/2 inches, providing a storage capacity for up to 41 firearms. The body is constructed of 10-gauge steel and utilizes 22 massive, gear-driven 1 1/4-inch locking bolts for unsurpassed strength from unwanted entry. Further enhancing the security features of the Parker Gun 48 Safe is a fire rating of 90 minutes at 1200° F and Group II Sargeant & Greenleaf lock. The handsome design features of the safe include a high gloss black finish and velour pin dot fabric interior. Decorative gold pin striping, the Parker Gun logo and traditional upland bird/side-by-side graphic image enhance the door face. All exposed hardware is 24K gold plated and a 24K gold plated ship's spoke handle completes this impressive home security package. Additional features include recessed interior lighting and dehumidifier.

The affordable **Model 432CX Gun Safe** provides storage for up to 25 firearms with its 3-in-1 interior design in a value-priced, durable package. Available with a green or black high gloss finish and featuring a gold Remington® logo, this 23 cubic foot safe measures 30 inches wide by 60 1/2 inches high by 22 inches deep and weighs 500 pounds. Standard features include 12-gauge steel body, key lock, dual interior hinges, five active bolts, brass plated hardware and three-spoke handle.

Remington's extensive line of gun safes provides the answer to your home security protection needs. Please visit our web site at [www.remington.com](http://www.remington.com) for a complete listing of gun safe features and safety ratings.
