Subject: FW: ramac 26333 - order 699146

Hey Annette,

Pls see Bonnie's e-mail below re: order 699146...I just spoke w/Bonnie and it looks like it be awhile before there is more production of 26333 (October, I believe) so if we could somehow have the 1 gun that is in blocked status at OHL shipped from OHL to Tim in Ilion so that he could install the 40-X adjustable target trigger, that would be great. Will that work? Please advise.

Thanks!

The 26333 in Blocked in at OHL. This order drops on Custom Shop. In order to assign the one at OHL, the order would have to drop on OHL. Unless there's some reason this order has to come from Custom Shop, you could have Annette change the shipping point on the order to OHL and then I could assign. The 26333 at OHL would be a standard production firearm, nothing custom about it.
