Please - also NPP-2005-ML5. It calls for a Stainless - Blast receiver and a Stainless - Blast _Parkerized barrel.

Does the packing list for the 25657 look Ok? From the NPP I assumed we were not providing a scope, etc. - we do with the LTR that I looked at, but thought we may still be providing the bi-pod and sling strap.

Good questions.

Use glass bead finish on barrel/receiver and satin on Trigger guard and firing pin assy. Do you need a revised NPP?
