Subject: Quality Meeting Reminder

Our meeting is scheduled for 12/8/2004 at 11:00 am. If you cannot attend, please let me know as soon as possible.

Ken Nickerson would like to discuss some feedback he is receiving from the field regarding the action bars on some 870's.

Attached is the summary from our last meeting and a list of the top repair codes used from 1/1/2004 - 11/30/2004. The report reflects date produced and date repaired totals in separate columns. The serial number tab shows a list of the guns sent in including serial number for date produced codes. This is a combined list of factory and RARC repairs.

Steve to provide gallery target and testing spreadsheet.

Bob Orf to provide results of drop test.
