Subject: M700 Safety Modification Upgrade

Hi John,

I believe Consumer Services recently started handling the G-408 requests for the \$20 safety modifications. The requests are currently being charged to 4480137 / 11.

Going forward, can you ensure those are charged to 8350322 / 38061? Effectively, they will still go to the 4480137 account but this change will assist us in tracking the expenses.

Please forward this information to anyone else who may process the G-408's for the safety modification. Let me know if you have questions or need additional information.

Thanks for your help.
