After all your hard work, we found out Ned already had a glossary.

Karin,

Here's the most recent version. I have the original that you did if you'd prefer it. After having some internal people review it, we discovered that it was going to take a little more work than we originally planned for. There were some flags raised on some of the terminology, but I think that for an internal document it will do just fine. Go ahead and use for the on-line QRG.

Thanks!

NED

Hello Ned-hope all is well! Quick question-are you putting together a glossary for the website? We were going to type one up for the internal on-line QRG, but don't want to duplicate anything already done.

Come visit us - we miss seeing you!
