Subject: Receiver Insert Part Changes (Dwg. E-300327)

Rich,

Please find attached a partial section of Drawing 2E-300327, receiver insert. Please note the dimension and tolerance changes for the four holes marked. Based on design requirements, I was able to increase diametral tolerance. To obtain proper fit of the mating cross pin, the diameter of the holes required adjustment. Drawing changes are called out as 1,2,3, and 4 as highlighted. A complete drawing will be mailed today, overnight to your attention. Not shown on the included partial section is design change number 5, which removed a duplicate callout for a .124 diameter hole. Upon receipt of the complete drawing please review, if you have questions please call.

Thanks
